Send an email to multiple people - use a **semicolon** (“;”) to separate multiple recipients

different from Lotus Notes, which used a comma (“,”) to separate recipients

Forward a message – Home tab > **Respond** group > **Forward**

Delete an email from your list – choose **Delete** and move the message to the **Delete Item** folder

 A blue rectangular button with a white warning triangle icon and the text "DISCONNECTED".

or

 A blue rectangular button with a white "X" icon and the text "WORKING OFFLINE".

indicates Outlook is not connected to the server.

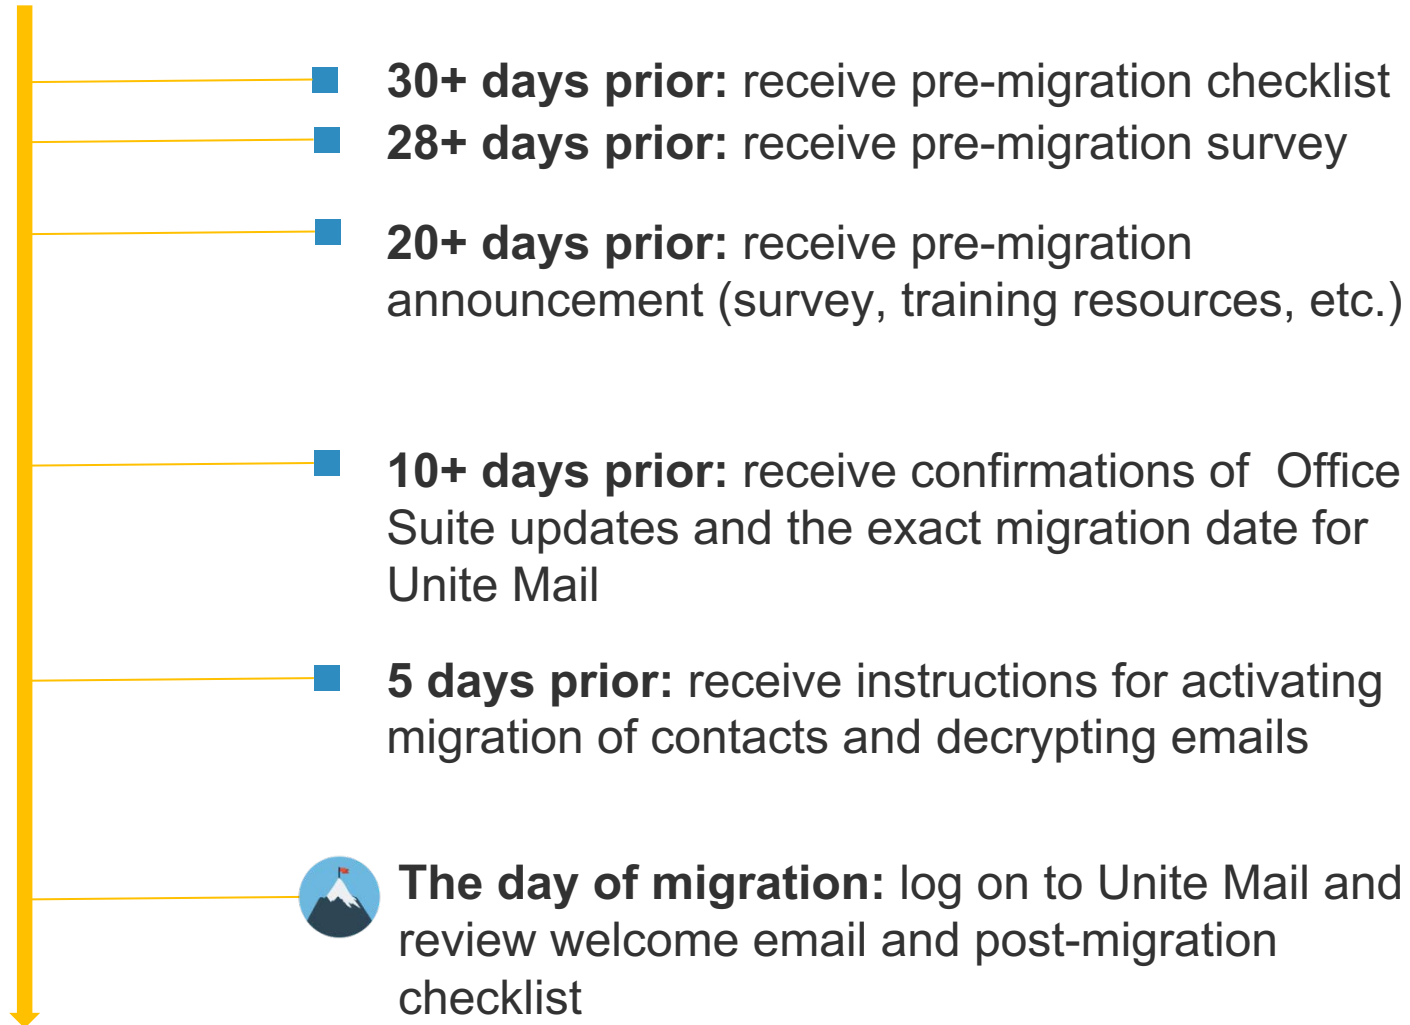

- **How to reconnect?**
